Subject: Re: Volume of Discharge
Attachments: WasteWater Permit_PS126 Investments LLC.pdf

Hi Maryam,

The annual total volume of discharge into the sewer is 277,830 gallons. I have attached the Industrial Waste Water Permit so that you can keep it in your records. Please let me know if you have any other questions.

Hope you have a wonderful day!

Best,

Shary

Dear Ms. Shary Shavalian,

Your response to our 13267 Order (Order # R4-2015-0440) indicated that you discharge your produced water into sewer system. I would like to request the annual total volume of discharge into sewer. Your response to this Regional Board is due by **April 15, 2016**. In addition, if you have any documents or permits for your discharge, please submit a copy with your response.

If you have any questions regarding this matter please contact me.

Thank you,

Maryam Taidy
